Device Payment Plan 24 or 12 month (DPP)

Information about the Plan

Device Payment Plan (DPP)

DPP provides you with greater choice when purchasing eligible hardware such as a mobile handset. When you connect to an eligible plan, you now have the ability to choose from a wide selection of hardware without the worry of having an upfront cost.

Your Plan

How does the DPP work?

These monthly payments allow you to select a device and pay it off in affordable monthly repayments. The DPP is a separate product overlaid across your service plan.

Contract Period

A DPP is contracted for a 24-month period, and on selected handsets for a 12 month period. Fees apply for the early termination of a DPP contract.

Eligibility

Who is eligible and what options are available?

If you have an active service on an eligible plan, you can use the DPP to pay off your handset purchase. For details of

eligible plans please speak to our sales or customer service representatives. All customers must pass our credit assessment to be eligible for these offers.

Other Information

Conditions

There is a limit of 1 DPP per eligible service and they can only be used to purchase eligible hardware such as a mobile handset.

Early Termination Fees

Fees apply for the early termination of a DPP fixed term contract. The early termination fee is calculated by multiplying the monthly device payment fee by the number of months remaining on the contract. For example, if you are on a \$5 DPP and you leave 6 months into the 24 month contract, it will be \$5 x 18 months remaining = \$90.

Cancelling your Mobile Service

To be eligible for a DPP the associated service must be billed on the same account. If you cancel the service attached to your DPP you will be charged an early termination fee for the DPP.

Changing your DPP

You cannot upgrade or downgrade your DPP contract. If you wish to alter your existing DPP this will be treated as a contract termination and you will be required to sign-up for a new DPP on a new contract.

Minimum Cost

24 Months: Minimum cost over 24 months is the monthly payment multiplied by 24.

12 Months: Minimum cost over 12 months is the monthly payment multiplied by 12.

Termination

You will be invoiced monthly for your DPP monthly amount. In the event, full payment is not received, Southern Phone Company may suspend or cancel the associated service. Southern Phone Company will give you prior notice if this is to occur.

Short Term Payment Plan 3 or 6 month (STPP)

Information about the Plan

Short Term Payment Plan (STPP)

A STPP provides you with greater choice when purchasing eligible hardware such as a mobile handset. When you connect to an eligible plan, you then have the ability to choose from a wide selection of hardware without the worry of having an upfront cost.

Your Plan

How does the STPP work?

These monthly payments allow you to select a device and pay it off in affordable monthly repayments. The STPP is a separate product overlaid across your service plan.

Contract Period

A STPP is only available on a 3 or 6 month contract on selected handsets. Early termination charges apply.

Eligibility

Who is eligible and what options are available?

If you have an active service on an eligible plan, you can use the STPP to pay off

your hardware purchase. For details of eligible plans please speak to our sales or customer service representatives. All customers must pass our credit assessment to be eligible for these offers.

Other Information

Conditions

There is a limit of 1 STPP per eligible service and they can only be used to purchase eligible hardware such as a mobile handset.

Cancelling your Mobile Service

To be eligible for a STPP, the associated service must be billed on the same account. If you cancel the service attached to your STPP you will be charged

an early termination fee for the STPP.

Changing your STPP

Minimum Cost

Minimum cost over 3 or 6 months is the monthly payment multiplied by 3 or 6 months.
