This summary provides you with important information about this plan

Description of service

Device

No device is included in this plan.

Minimum Term

The plans all have a 12 month contract.

Plan Credit Inclusions

Data as specified in the table above

Changing Your Plan

You can change to a higher value plan with more mobile data, at any time at no charge. You can change back to your original plan at any time at no charge. However you can not change to a lower monthly fee plan than your original plan without incurring an early termination fee.

Network Information

This mobile broadband plan operates on the Optus 4G and 3G network. Mobile broadband services are affected by network utilisation, weather conditions, the distance from the tower and hills as well as building types and other obstructions that can impede the signal. Also, where the network is under heavy load, a voice call will take precedence over a mobile data connection. This congestion can be worse in high use periods like school holidays.

Aerials

In some cases, reception, can be improved by using an external aerial attached to the USB modem. Southern Phone does not provide aerials and we suggest you source them from an electronics specialist.

SMS

You can send and receive text messages using Mobile Broadband Service. Each text message (SMS) is charged at \$0.25 cents per 160-character message.

International Usage

Due to the extremely high rates charged by overseas carriers the service cannot be used overseas. If you travel you should get a local service in your destination country.

Information About Pricing

The minimum charge is shown in the table above.

Total Minimum Cost

The total minimum amount you'll have to pay is shown in the table above.

Maximum Monthly Charge

Your maximum monthly charge is equal to the minimum monthly charge for this plan, unless you incur excess data charges during the month.

Excess Usage Charges

If you use more than your included data during your billing cycle, we'll automatically boost your limit by another 1GB for \$10. Each time you use all of your data inclusion, we'll give you another 1GB for \$10, up to a maximum of 3GB additional on one service per month. You will then be charged for casual data at the rate of 15 cents per MB. Your service may then be restricted. Extra data will expire at the end of your billing cycle. At the end of your billing cycle you'll automatically be moved back to your plan's original inclusions and charges.

What it Costs for Some Basic Usage

The cost of 1MB of data, where your total data usage in a month equals the data allowance for your plan is shown in the table above.

Early Contract Termination Fee

There is a \$10 per month early termination fee for the plan should you end your contract before the end of the term. Any outstanding monthly device payments will also be charged to your account.

Other Charges

The SIM replacement fee is \$20.

Billing

Email billing is free. There is a \$2.20 charge to print and post a paper bill. Your service is invoiced on the same date each month. The monthly plan fee is charged in advance. Your first invoice will be for more than the monthly plan fee because it will include the plan fee for the days between service activation and your first invoice date plus the plan fee for the next full month. A late payment fee may apply if you don't pay your bill by the due date.
