Changing Your Plan

You may change your plan once per month (e.g. from \$55 to \$60 per month) without charge, as long as it does not also mean a change of line speed. You cannot move below the original plan you purchased. For details about line speed changes and fees, please see details under the heading 'Line Speed Change Fee'.

Broadband Data

Both data downloads and uploads are counted in the monthly data usage allowance. Once you have reached your monthly data allowance, speed is reduced to 256/256Kbps for the remainder of the billing period. Plan speeds are shown in downstream/upstream format and speeds are theoretical network maximum speeds. Actual speeds may be less due to a number of factors including network configuration, line quality and length, customer premises interference, traffic and equipment. The renewal day for your monthly data download quota is the first day of the month.
